

Jeppesen Obstacles LoA Release Statement

AIRAC Cycle	Date of Release
2301	09-JAN-2023
Declaration of Conformity: Obstacle databases released and distributed by Jeppesen are produced using processes accepted by the United States Department of Transportation Federal Aviation Administration (FAA) as meeting the requirements defined by the respective agency. Jeppesen has been audited by the FAA for Obstacle processes which serves as demonstration of compliance to the appropriate requirements. Data produced under these conditions is in compliance with our Type 1 Letter of Acceptance (LOA) quality system. For any technical issues with Jeppesen Obstacle data, please refer to jeppesen.com support or the following link. Technical Support Jeppesen maintains a current and active LOA.
