

Fuel Dashboard

Fuel savings made simple

Fuel Dashboard provides you with complete visibility into your aviation fuel usage. This fully hosted solution offers automated data processing and a powerful, yet simple user interface. Easily identify, monitor and report on fuel efficiency throughout every stage of your operation.

The advantage you get when choosing us:

- ✔ Fully hosted solution
- ✔ Easy to implement, easy to use
- ✔ Powerful analytics using a common and secure data source
- ✔ Capability to generate and analyze optimum flight plans
- ✔ Superior data management
- ✔ Supports all aircraft types
- ✔ Dedicated interfaces for pilots and dispatchers

The value to you:

- ✔ Your fuel data, in one place
- ✔ Improved fuel analysis
- ✔ More informed decision making
- ✔ Customer-proven savings of up to 4.3%

With Fuel Dashboard:

- ✔ Gain complete visibility into your aviation fuel usage
- ✔ Track how each aircraft is using fuel in every phase of every flight
- ✔ Analyze future savings potential with predictive modeling
- ✔ Improve flight planning capabilities
