

## Training Product Update

*New and improved CR-3 Circular Computer*

### CR-3 CIRCULAR COMPUTER

Updates to item 10001294-001 include:

- Improved materials and construction to provide better quality, durability and readability
- No price increase

### Product Description

New and improved for quality and readability, the CR-3 high-and low-speed computer does everything the E6B style computers do plus solving for wind triangle problems, polar grid navigation, pressure pattern flying, and more.
