IMPLEMENTATION OF HELICOPTER OPERATIONS SBAS PATH POINT (HP) RECORDS

May 19, 2020

In accordance with ARINC 424-20 documentation, Jeppesen will begin including the Helicopter Operations SBAS Path Point Primary Records (HP) 4.2.8.1. This document serves as the contractually required advanced notification for implementation of the new coding rules and practices scheduled for implementation in AIRAC cycle 2007, effective date 18 Jun 2020.

BACKGROUND

As a continuation of our ongoing upgrades to helicopter data, Jeppesen will begin offering Helicopter Operations SBAS Path Point Records as (HP) to support the Helicopter Standard formats. The Helicopter by Request format will continue to receive SBAS Path Point Records as (PP).

SUMMARY

Beginning in AIRAC cycle 2007, for Helicopter Standard format, Jeppesen will offer the SBAS Path Point Record as SBAS Path Point (HP) or SBAS Path Point (PP) when a RNAV Approach (HF) has a LPV or LP Level of Service.

CLOSING COMMENTS

If you want to receive the Helicopter Operations SBAS Path Point (HP), please evaluate your systems to determine the impact of these changes. Make the appropriate adjustments to accept this new information, and contact your Jeppesen Business Representative.

NavData Notices are intended for Jeppesen's Original Equipment Manufacturer (OEM) Customers only. End Users of the data may contact their Avionics Providers with questions on the availability of data in their specific units. If you have Technical questions about this notice, please contact Jeppesen NavData Technical Support at phone (USA) 303-328-4445, e-mail navdatatechsupport@jeppesen.com
