

Jeppesen International
Trip Planning Services
Trip planning, fueling and ground handling
services for all your flight operations needs.

Global Services

Jeppesen International Trip Planning Services

We solve aviation's complex logistical problems with unmatched service delivery.

Jeppesen International Trip Planning Services (ITPS) provide tailored, flexible and optimized solutions to meet your unique trip planning, fueling and ground handling needs. Our 24/7/365 team works with you to build and execute a plan to support worldwide operations and augment your flight department with decades of expertise.

Vast Aviation Expertise

- More than 40 years of experience in trip planning coordination from trip inception to completion.
- Multiple operation centers that are focused on regional procedures and local knowledge.
- Complex itinerary and route planning with high ATC filing acceptance rates. Intricate coordination factoring weather, NOTAMs and ETOPS protocols.
- Regulatory expertise with country permit requirements and global airspace rules to eliminate overflight violations and penalties.
- Strong long-standing relationships with government and airport authorities.
- Extensive experience with airport slots, local customs notifications and applicable APIS requirements.

Extraordinary Service Delivery

- Accessible and immediate support. Personalized dedicated account assistance available, with multilingual personnel available to meet your diverse needs.
- Customizable services to meet your unique demands and operational structure.

Partnership with World Fuel Services

- All-inclusive pricing
- Pricing power of world's largest fuel reseller
- 24/7 fuel dispatch and pricing quotes
- Online ordering service using customer-specific pricing

Robust Vendor Relationships with Reliable and Flexible Payment Options

- Proven global vendor relations team who manages a thorough assessment process for choosing ground handlers and suppliers with an emphasis on safety and quality programs.
- A rigorous customer survey process with feedback regularly communicated to vendors to promote continuous service and quality improvements.

Integration with ForeFlight Dispatch

Jeppesen ITPS now integrates with ForeFlight Dispatch, a web-based add-on to ForeFlight Business accounts enabling collaborative, schedule-to-mobile flight planning.

This collaborative solution brings greater reliability, flexibility and efficiency to your operation, as well as a more streamlined information flow among the Jeppesen ITPS team, flight planners, schedulers and pilots.

ITPS staff can work alongside you in Dispatch to provide trip planning and concierge coordination in addition to flight planning assistance whenever needed.

Customized Subscription Pricing

Offered as a convenient discounted monthly fixed volume-based service. It provides predictable costs that help simplify budgeting and billing processes.

Jeppesen Personal Assistant

Pilots stay connected through the Jeppesen Personal Assistant mobile application, integrated with ITPS to provide essential real-time flight information in a quick reference format.

For more information contact your sales representative or the International Trip Planning team directly at fss@jeppesen.com.
